Company activity:

Company description:

MedSanTek Laboratory Supplies Trade & Industry Ltd. is a distributor company who has been serving in in Vitro Diagnostics and Research field in Turkey.

The firm had presented itself with the best approach, the perfect service & well kept collaboration of well appraised brands. Since its foundation in late 2000, MedSanTek with its specialized staff has considerable experience of working in close partnership with its customers to offer QUALITY.

On-time delivery, satisfactory customer support & investments on research studies led us to obtain a respectable place within this market. Now we are proud of being appreciated for our self-sacrificing service by academic staff of university hospitals & state foundations all around Turkey.

Our mission is to meet demands of the healthcare market providing high quality products and reliable service by combining our knowledge and experiences with developing technology
Our vision is to supply perfect quality & pleasing service to our valuable customers in the aim of supporting human healthcare. Offering our customers the best prices, reaching all the institutes and every potential customer, becoming the most economic, effective and the main and supply source for projects, to continue providing qualified and effective post sales service with our well educated technical staff are our main targets

We are paying our way with balanced and progressive steps to obtain ever expanding share of the market. As a chain from our esteemed suppliers to our valued customers, we look forward to many future mutual achievements.
