3rd Annual Peptides Congress 2016

Description

3rd Annual Peptides Congress 2016

Oxford Global Conferences are proud to announce the **3rd Annual Peptides Congress, taking place on 18 – 19 April 2016, at the Novotel London West, London, UK**. The event provides a unique opportunity for over 400 senior-level biologics experts to network, exchange experiences and engage in scientific discussions about the current results and future challenges of peptides research and therapeutics.

The peptides market represents a rapidly expanding area of pharmaceutical research. The improved peptide synthesis technologies, recent developments in macrocyclic and cell-penetrating peptides and the unquestionable vast potential of peptides in therapeutics all underpin the promising future that has been forecasted for the industry. Experts have also highlighted that the global peptide therapeutics market will reach \$23.7 billion by 2020.
