Biobanking

6th Annual Biobanking Conference

Website

[BioBanking: Pharmaceuticals](#) [3]

SMI presents the 6th annual Biobanking Conference which takes place on 20 – 21 June 2016 in London.

The proposed changes to the EU Data Protection Regulation will constitute a new legal framework for biobanking operations if and once passed by the European Commission. As such, this year's Biobanking Conference will focus on the potential changes and its impacts towards maintaining a sustainable biobanking infrastructure, harmonisation, the power of samples and interaction between biobanks across UK, Europe and the world. Event attendees can benefit from innovative discussions on relevant regulatory issues and ethical guidance for best practice from MHRA, the European Commission, Roche, MSD USA, AstraZeneca, MedImmune, Lundbeck and other leading European biobanks.

2016 AGENDA HIGHLIGHTS:

- Spotlight session - creating a biobank for drug discovery
- Learn to navigate the regulatory landscape to ensure your biobanking is compliant
- Explore the integration of biobanking in drug development
- Obtain an overview of how to build and design a model of next generation biobanks
- Discuss updates on latest technological developments in the field

You can download the conference brochure on <http://www.bio-banking-event.com> [2].

Register online by 31 March 2016 and save £400

OUR EXPERT SPEAKER PANEL INCLUDES:

- Prof Glyn Stacey, Director, UK Stem Cell Bank, Division of Advanced Therapies, National Institute for Biological Standards and Control - MHRA
- Octavi Quintana Trias, Principal Advisor of DG, European Commission
