## International Conference and Exhibition on Nanomedicine and Nanotechnology (Nano-2016)

### Description

## International Conference and Exhibition on Nanomedicine and Nanotechnology (Nano-2016)

The Herald's International Conference and Exhibition on Nanomedicine and Nanotechnology(Nano-2016) is taking a journey to Baltimore, USA during October 12-14, 2016. The conference brings together leading scholars, researchers, scientists, engineers, practitioners, technology developers and policy makers in the field of nanotechnology to foster an environment conducive to exchange information on their latest research and innovation.

Participants from the top government, academic and private industry labs of different disciplines of nano field participate in Nano-2016 to identify new technology trends, development tools, product opportunities, R&D Collaborations. It is an excellent opportunity for the students to meet lead experts of nano field as it provides an unprecedented opportunity to discover the latest innovations in the area of nanotechnology and it is open to participation for the private companies for new business opportunities.

In parallel to the conference sessions, we are organizing:

International Exhibition: it represents a unique venture for companies to promote their products and equipments.

Workshops/Symposium: these sessions by the lead experts focus on all the aspects in this rapidly growing field.

We are looking forward to meet you in Baltimore.
